QUALITAS  **Germany**
...when it comes to quality
Qualitas Dienstleistungs GmbH
www.qualitas-gmbh.de

Location: Chemnitz

Saxony is another traditional location for the automobile supplier industry, along with Baden-Württemberg, Bavaria and Lower Saxony. Assignments in Germany and Europe are naturally available.

QP  **Poland**
Qualitas Poland Sp. z o.o.
www.qualitas-poland.pl

Location: Poznan

Poznan is one of the centres of automobile production in Poland. Our employees supervise and ensure quality processes on-site and also look after customers outside of Poland.

QUALITAS  **Czech Republic**
Qualitas Control s.r.o.
www.qualitas-control.cz

Location: Louny

Excellent suitability for all assignments in the Czech Republic and Slovakia, as well as support in neighbouring Germany.

In addition, all assignments can be synchronized worldwide with other locations by a supervisor.

Through our Quality Network you can access our worldwide quality services. It is our aim to offer the available services globally, as well as providing additional services for customers of the individual partners.

With this system your branch offices abroad can also profit effectively from the know-how and qualities of our international partners. The required and provided information can be made available in the desired languages and distributed to those involved in the process. A project-related customization of the resources is carried out in every case.

Benefits of International synergy

- ✓ **Contact persons on-site make direct communication possible in the national language**
- ✓ **International assignment coordination**
- ✓ **Import, export and logistics support**
- ✓ **Transfer of quality know-how**
- ✓ **Cross-border assignment teams/rapid reaction teams with the supplier or customer**
- ✓ **Possible saving of finance transaction costs**
